SUMMARY

I build enterprise web and mobile applications end to end — React and Flutter on the front end, Java/Vert.x and FastAPI underneath, PostgreSQL or MySQL holding it together. Two years in, currently shipping healthcare software; before that, livelihood-tech products from spec to Play Store.

SKILLS

Languages: Java, Python, JavaScript, TypeScript, Dart, SQL

Frontend: React.js, Flutter, Tailwind CSS, HTML5, CSS3, Bootstrap

Backend: Java / Vert.x, FastAPI, Node.js, Django, REST APIs, GraphQL

Data: PostgreSQL, MySQL

Tooling: Git, GitHub, VS Code

EXPERIENCE

Engineer — Jul 2026 – Present

SRM Hospitals & Research Centre, Chennai

- Building enterprise healthcare applications in React.js and Flutter
- Designing scalable backend services in Java on Vert.x
- Designing and consuming GraphQL APIs for client-server communication
- Optimising PostgreSQL schemas and queries for response time

Full-Stack Developer — Oct 2024 – Jun 2026

Jeevitam Livelihood Tech Solutions Pvt Ltd, Chennai

- Shipped web and mobile applications in React.js and Flutter
- Built RESTful services in FastAPI for higher throughput and reliability
- Authored a reusable component library that cut new-feature build time
- Owned features end to end, from API contract to shipped UI

PROJECTS

Web & Mobile Application Suite

React.js, Flutter, Java, Vert.x, GraphQL, FastAPI, PostgreSQL, Firebase

- Multi-user apps with authentication and role-based access
- 3 Flutter apps published on the Google Play Store
- State managed with Riverpod, wired to REST + GraphQL backends
- Built and shipped across dev, staging and production in an Agile team

EV Charging Reservation & Range Prediction

Python, Django, Machine Learning, REST APIs, MySQL

- Predicts remaining range from historical usage with an ML model
- Lets drivers plan charging stops along a route ahead of time
- Django REST backend feeding live predictions into booking flow
- Relational schema in MySQL for reservations and vehicle history

EDUCATION

B.E., Electronics & Communication Engineering

University College of Engineering, Arni (2024) — CGPA 8.34
